

Creating a Twilio Account and Getting Your Free Phone Number

Step 1: Go to Twilio

Open your browser and visit <https://www.twilio.com/try-twilio>

Step 2: Sign Up

1. Click on **"Sign up"** or **"Start for free"**
2. You'll see a signup form

The screenshot shows the Twilio sign-up form. At the top is the Twilio logo. Below it is the heading "Sign up for free" followed by a subtext: "Start your free trial and unlock all Twilio products, including Twilio SendGrid and Twilio Segment." The form contains four input fields: "First name", "Last name", "Email address*", and "Password*" (with an eye icon for toggling visibility). Below these is a checkbox labeled "Verify you are human". At the bottom, there is a checkbox for agreeing to the Terms of Service and Privacy Notice, with a link to the "Electronic Communications Code Disclosures" if applicable. A blue "Continue" button is at the very bottom.

Start your free trial today to test out the Twilio platform with no strings attached:

- ✓ No credit card required
- ✓ Free trials available
- ✓ Access to all products across the Twilio platform

Get up and running:

- 📧 Verify your email address & phone number
- 🔧 Tell us what you want to build first
- 🚀 Start building!

Step 3: Fill in Your Details

Enter the following information:

- **First Name**
- **Last Name**
- **Email address**

- **Password** (make it strong!)

Check the box to agree to Twilio's Terms of Service

Click "**Start your free trial**" or "**Sign up**"

Step 4: Verify Your Email

1. Check your email inbox
2. Look for an email from Twilio
3. Copy the verification code in the email
4. Paste it on the website.

Let's get your email verified

To keep your account secure we need to verify your email address. Enter the code we have sent to **sumedha.roy@growthschool.io** below.

Code

[Verify](#) [Resend code in 11](#)

Step 5: Verify Your Phone Number

Twilio needs to verify you're a real person:

1. Enter your **real phone number**
2. Choose how you want to receive the code: **Text message** or **Call**

3. Click **"Verify"**
4. Enter the **verification code** you received
5. Click **"Submit"**

We'll also need to verify your phone number

- So you can hit the ground running and start using our **Twilio services**.
- To verify you during log in through **two-factor authentication (2FA)**.
- To help us **mitigate fraud and abuse**.
- To determine your **billing country** (you can change this on the next step!)

Country

(+91) India

Phone Number

Send code via SMS

Send code via voice call

Step 6: Answer a Few Questions

Twilio will ask you some questions to personalize your experience:

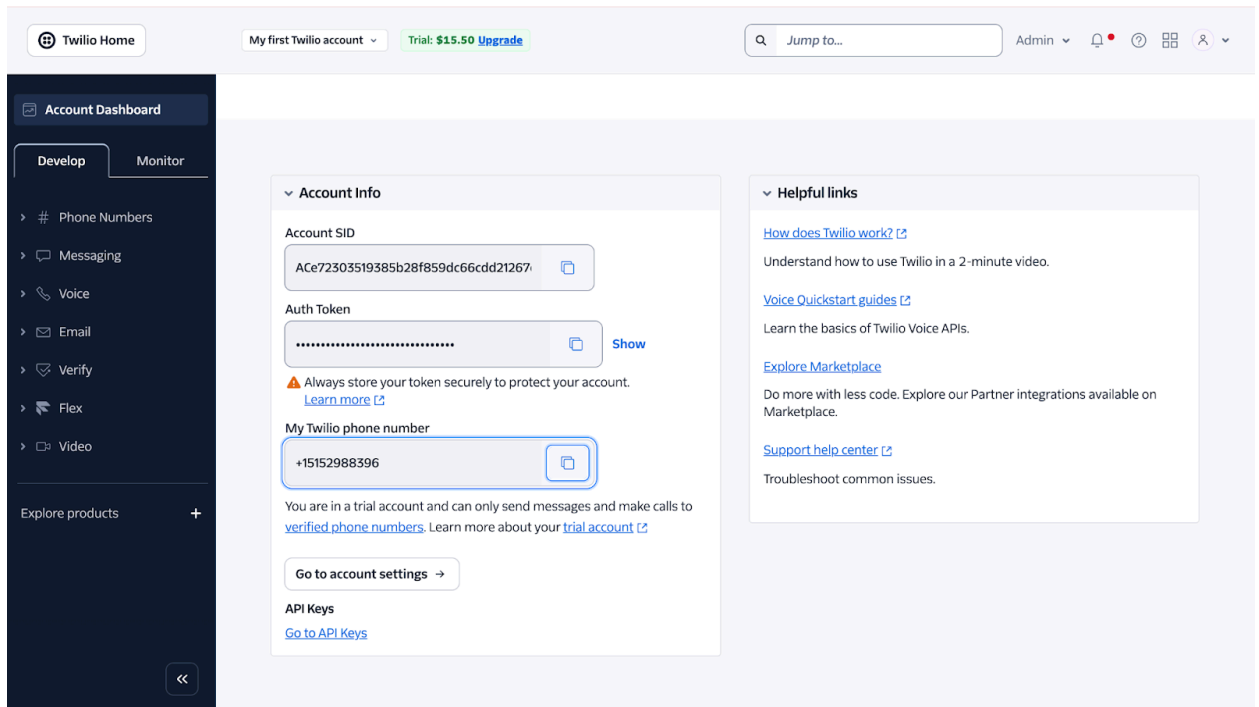

- **Which product are you here to use?** (Choose "SMS" or "Voice")
- **What do you plan to build?** (Pick any option - it doesn't really matter)
- **How do you want to build?** (Choose "With code" or "With no code")
- **Would you like a phone number?** Select **"Yes"**

Click **"Get Started"**

Step 7: Get Your Free Phone Number

1. You'll be taken to the Twilio Console

2. Look for **"Get a Trial Number"** button (it might pop up automatically)
3. Click **"Get a Trial Number"**
4. Twilio will suggest a phone number for you
5. Click **"Choose this Number"**

Step 8: Your Number is Ready!

Congratulations! You now have a free Twilio phone number.

You'll see:

- Your new phone number displayed
- Trial account details
- Free trial credit (usually \$15)

Important Things to Know About Your Trial Account

What You Can Do:

- Send SMS messages
- Make phone calls
- Test Twilio features

Trial Limitations:

- You get around \$15 in free credit
- The number is yours as long as you keep using it

How to Add More Numbers to Test With:

1. Go to **Phone Numbers** → **Verified Caller IDs**
2. Click "**Add a new number**"
3. Enter the phone number you want to test with
4. Verify it with a code

Finding Your Account Info (You'll Need This Later)

Account SID and Auth Token:

1. Go to your Twilio Console: <https://console.twilio.com>
2. You'll see them on the main dashboard
3. Click the **eye icon** to reveal your Auth Token
4. Copy and save these somewhere safe (you'll need them for MCP integration)

Your Phone Number:

1. Click **Phone Numbers** in the left sidebar
2. Click **Manage** → **Active Numbers**
3. You'll see your phone number listed there

* Can send/receive calls to domestic numbers only
† Can send/receive sms to domestic numbers only
‡ This number does NOT support SIP Trunking
▲ Can make emergency calls.
(national) A non-geographic number
(beta) This number is new to the Twilio Platform
(hosted) This number is hosted on the Twilio Platform

<https://console.twilio.com/us1/develop/phone-numbers/manage/incoming>

Troubleshooting

Didn't receive the verification code?

- Check if you entered the right phone number
- Try choosing "Call" instead of "Text"
- Wait a minute and request a new code

Can't get a phone number?

- Your region might have restrictions
- Try searching for numbers in different area codes
- Contact Twilio support if the issue persists

Trial credit not showing?

- Refresh the page
- Check the **Billing** section in the console

What's Next?

Now that you have your Twilio account and phone number.

Keep your **Account SID**, **Auth Token**, and **Phone Number** - you'll need them!
